

WHAT WE OFFER

Built-In Cupboards

Custom-built cupboards designed for durability, smart storage and clean finishes.

TV & Wall Units

Modern TV and wall units that enhance aesthetics while keeping spaces organised.

Wardrobes & Vanities

Bespoke wardrobes and vanities built to suit your space and everyday needs.

Custom Joinery

Bespoke joinery and architectural woodwork crafted to enhance structure, detail and character.

House Plans

Professionally designed house plans focused on flow, functionality and modern living.

Interior Design

Creative interior design solutions tailored to your lifestyle, space and personal taste.

ABOUT US

At **NinetyTen Interiors & Design**, we are built on experience, trust and quality craftsmanship. After personally experiencing delays and poor workmanship during our own home installations, we recognised the need for a better, more reliable standard in the industry.

Today, we provide professional interior design, house planning and custom built solutions with clear quotations, honest timelines and skilled installation. Backed by experienced architects and carpenters, we deliver wardrobes, kitchen cupboards and bespoke interiors done right the first time.

OUR MISSION

We are committed to designing and delivering modern interior and architectural solutions that combine style, purpose and precision. Through structured planning, transparent communication and expert craftsmanship, we uphold the highest professional standards ensuring every project is completed on time, within budget and to specification

CORE VALUES

✓ T – TRUST

We operate with honesty, transparency and clear communication.

✓ E – EXCELLENCE

We commit to high standards in design, planning and craftsmanship.

✓ N – NEATNESS

We deliver clean finishes, precision work and attention to detail.

WHO WE WORK WITH

- ▶ **Home Owners** building or renovating, looking for quality kitchens, wardrobes, wall units and custom carpentry.
- ▶ **Property Developers** delivering reliable, professional woodwork for new builds and renovations.
- ▶ **Offices & Businesses** custom cabinetry, storage solutions and office carpentry projects.
- ▶ **Architects & Designers** we help bring their plans to life with expert carpentry, making kitchens, wardrobes and wall units exactly as designed.

OUR PROCESS

1

Initial Consultation

We meet to discuss your requirements, budget and timeline and take accurate site measurements.

2

Design & Planning

Our designers create tailored layouts and 3D visuals, then refine the plan with your feedback.

3

Preparation & Installation

We arrange component cutting and finishing, then carry out professional installation with thorough quality checks.

4

Delivery & Handover

We coordinate delivery, perform a final walkthrough and provide ongoing aftercare and warranty support.
